

FD5-DW Linear Actuator

General Features:

- Voltage of motor: 24VDC
- Maximum load(push): 750N
- Maximum load(pull): 750N
- Maximum speed: 45mm/s
- Min Mounting Dimension: Stroke+140
- Built-in end stop switches(not adjustable)
- With the potentiometer
- Color: Black Or Grey
- Protection class: IP54
- Duty cycle : 10% or 3 min. continuous use followed by 18 min. not in use
- IEC60601-1, ES60601-1
